## Qualification Criteria

### 1. Essential Qualifications

**Assistant Professor (Entry Level):** Requires a first-class Bachelor's and Master's degree in the relevant engineering or technology field. Unlike some other fields, NET/SLET/SET is not mandatory for engineering disciplines, but a Ph.D. is highly encouraged and necessary for promotion. While not strictly required for entry-level, relevant experience is preferred.

**Associate Professor:** Requires a Ph.D. with a first-class degree at either the Bachelor's or Master's level in the relevant field. Candidates need a minimum of 8 years of experience in teaching, research, or industry, including at least 2 years post-Ph.D.. Additionally, at least 6 research publications in recognized journals are required.

**Professor:** Requires a Ph.D. with a first-class degree at either the Bachelor's or Master's level in the relevant field. Candidates must have a minimum of 10 years of experience in teaching, research, or industry, with at least 5 years at the Associate Professor level or equivalent. Requirements also include 6-10 research publications in recognized journals and experience guiding Ph.D. students.
